

```
var l_aServices = l_oSubDevice.GetServices(); //Getting services
    for (var i = 0; i < l_aServices.length; i++) {
var l_aCharacteristics = l_aServices[i].GetCharacteristics();
        for (var j = 0; j < l_aCharacteristics.length; j++) {
l_oSubDevice.ReadCharacteristic(l_aCharacteristics[j]); //Reading a characteristic
        }
    }
}
```
