Example:

```
{
     DeviceType:  "TCP",
     Parameters: [{
     Type: "textfield",
         Name: "Host",
     DefaultValue: "255.255.255.255",
     Validation: function(value) { // checking if value is empty
      if (value == "") {
         return "Host is empty";
      } else
         return ;
   }
     }]
}
```
