

Пример:

```
{
  DeviceType: "TCP",
  Parameters: [{
    Type: "textfield",
    Name: "Host",
    DefaultValue: "255.255.255.255",
    Validation: function(value) { // checking if value is empty
      if (value == "") {
        return "Host is empty";
      } else
        return ;
    }
  }]
}
```
